SUMMARY DESCRIPTION OF BONDS

Selected information is presented on this page for the convenience of the user. To make an informed decision regarding the Bonds, a prospective investor should read the entire Official Statement.

Description: State of Wisconsin General Obligation Refunding Bonds of 1998, Series 2

Principal Amount: \$94,250,000

Denominations: \$5,000 and integral multiples

Date of Issue: September 15, 1998 Record Date: April 15 or October 15

Interest Payment: May 1 and November 1, commencing May 1, 1999

Maturities: May 1, 1999-2001, 2004-2009—See cover

Redemption: The Bonds are not subject to redemption prior to their stated date of

maturity—See page 4

Form: Book-entry-only—See pages 3-4

Paying Agent: All payments of principal and interest on the Bonds will be paid by the

State Treasurer. All payments will be made to The Depository Trust Company, which will distribute payments to Beneficial Owners as

described herein.

Security: Bonds are general obligations. As of July 1, 1998, the outstanding

principal amount of general obligations of the State was \$3,449,576,395.

Authority for Issuance: Bonds are issued under Article VIII of the Wisconsin Constitution and

Chapters 18 and 20 of the Wisconsin Statutes.

Purpose: The proceeds of the Bonds will be used for the refunding of currently

outstanding general obligations issued for the acquisition, construction, development, extension, enlargement or improvement of land, water, property, highways, buildings, equipment or facilities for public

purposes.

Additional General

Obligation Debt:

The State may issue additional general obligation debt.

Legality of Investment: The Bonds are legal investments for all banks, trust companies, savings

banks and institutions, savings and loan associations, credit unions, investment companies and other persons or entities carrying on a banking business in Wisconsin; for all executors, administrators, guardians, trustees and other fiduciaries in Wisconsin; and for the State and all public officers, municipal corporations, political subdivisions and public

bodies in Wisconsin.

Tax Exemption: Not included in gross income and not an item of tax preference for

federal income tax purposes.

Subject to State of Wisconsin income and franchise taxes—See pages 8-9

Legal Opinion: Validity and tax opinion to be provided by Foley & Lardner—See page

C-1

\$94,250,000

STATE OF WISCONSIN

GENERAL OBLIGATION REFUNDING BONDS OF 1998, SERIES 2

The issuer of the Bonds described herein is the State of Wisconsin (the "State"). The State is located in the Midwest among the northernmost tier of states. The State ranks 18th among the states in population and 26th in land area. Wisconsin attained statehood in 1848, its capital is Madison, and its largest city is Milwaukee.

The State of Wisconsin Building Commission (the "Commission"), an agency of the State, is empowered by law to consider, act upon, authorize, issue and sell all debt obligations of the State. This agency is assisted and staffed by the State of Wisconsin Department of Administration.

Information concerning the State, the Commission and general obligation debt of the State is included as APPENDIX A, which includes by reference Parts II and III of the State of Wisconsin Continuing Disclosure Annual Report, dated December 26, 1997 (the "Annual Report").

This Official Statement, including the cover page and appendices hereto, is provided for the purpose of setting forth information concerning the sale by the Commission of \$94,250,000 General Obligation Refunding Bonds of 1998, Series 2 (the "Bonds" or the "Refunding Bonds"). The Bonds are authorized pursuant to the provisions of Article VIII of the Wisconsin Constitution and Chapters 18 and 20 of the Wisconsin Statutes (collectively, the "Act") and pursuant to an authorizing resolution adopted by the Commission on January 22, 1998, as amended on March 19, 1998 and August 6, 1998 (the "Resolution"). The Resolution also authorizes the establishment of a special escrow fund for the payment of certain outstanding general obligation bonds of the State which are being refunded. See "PLAN OF REFUNDING".

The Bonds are direct and general obligations of the State. The full faith, credit and taxing power of the State are irrevocably pledged to the payment of the principal of and interest on the Bonds. There has been irrevocably appropriated, as a first charge upon all revenues of the State, a sum sufficient for the payment of the principal of and interest on the Bonds as the same mature and become due. The Bonds are on a parity with all other outstanding general obligation debt issued by the State with regard to priority of payment.

In connection with the issuance and sale of the Bonds, the Commission has authorized the State of Wisconsin Department of Administration to prepare this Official Statement, including the cover page and appendices hereto, describing the Bonds and presenting other relevant information for consideration by prospective purchasers. This Official Statement contains information which has been furnished by the State or obtained by the State from the sources indicated. The quotations, summaries and explanations of laws, resolutions, judicial decisions and administrative regulations in this Official Statement do not purport to be complete and are qualified by reference to the complete text of such documents.

PLAN OF REFUNDING

General

The Act provides that bonds are authorized to be issued by the Commission for the purpose of providing funds to refund certain outstanding bonds of the State, including amounts required for principal, interest to the redemption date and any redemption premium.

The Bonds are being issued in accordance with the Act to enable the State to effect the refunding of certain maturities of previously issued State of Wisconsin general obligation bonds. The refunded maturities are currently outstanding in the aggregate principal amount of \$92,440,000, as more fully identified in APPENDIX D (the "Refunded Bonds").

In order to provide for the refunding of the Refunded Bonds, a portion of the proceeds derived from the sale of the Bonds will be used to purchase direct general obligations of the United States (the "Government Obligations"), the principal of which, together with the interest to be earned thereon and a beginning cash deposit, will be sufficient (i) to pay when due the interest on the Refunded Bonds to and including their respective redemption dates, and (ii) to redeem or pay the Refunded Bonds on their respective redemption dates at their respective redemption prices, all as more fully described in APPENDIX D.

Refunding Escrow Agreement

The Government Obligations, the beginning cash balance and the earnings thereon will be held in an escrow fund (the "Escrow Fund") created pursuant to a Refunding Escrow Agreement (the "Escrow Agreement"), dated as of September 25, 1998, between the State and Bankers Trust Company (the "Escrow Trustee") solely for the benefit of the owners of the Refunded Bonds.

Pursuant to the Escrow Agreement, the Escrow Fund will be held by the Escrow Trustee in trust for the payment of principal of, redemption premium, if any, and interest on the Refunded Bonds. The Escrow Fund shall be held by the Escrow Trustee separate and apart from all other funds or accounts held by the Escrow Trustee. The Escrow Trustee will have no lien whatsoever upon any moneys in the Escrow Fund for any of its fees and costs incurred in carrying out the provisions of the Escrow Agreement, which fees and costs will be paid to the Escrow Trustee by the State from other available funds. The accuracy of the mathematical computations of the adequacy of the amounts deposited into the Escrow Fund to pay when due the principal of, redemption premium, if any, and interest on the Refunded Bonds will be verified by Grant Thornton LLP, independent certified public accountants.

In the opinion of Bond Counsel, upon the deposit described above into the Escrow Fund, the Refunded Bonds will be deemed to be paid for purposes of State constitutional law and will no longer be considered debt for purposes of the constitutional debt limitations.

THE BONDS

General

The Bonds will bear interest at the rates and will mature on the dates and in the amounts set forth on the front cover of this Official Statement.

The Bonds will be dated September 15, 1998 and will bear interest from such date payable on May 1, 1999 and semiannually thereafter on May 1 and November 1 of each year. Interest on the Bonds will be computed on the basis of a 30-day month and a 360-day year. Principal of and interest on each Bond will be payable to the registered owner thereof, which initially will be a nominee of The Depository Trust Company, New York, New York ("DTC").

The Bonds are issuable as fully registered bonds without coupons in denominations of \$5,000 principal amount or any integral multiple thereof.

The Bonds are not subject to redemption prior to their stated date of maturity.

Book-Entry-Only Form

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities, registered in the name of Cede & Co. (DTC's partnership nominee). One fully registered bond will be issued for each maturity set forth on the front cover, each in the principal amount of such maturity, and deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its participants (the "Direct Participants") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond (the "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices, if any, shall be sent to Cede & Co. If less than all of the Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to the Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the State as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to DTC by the State Treasurer. DTC's practice is to credit Direct Participants' accounts on the payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of the State or DTC, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the State, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the State. Under such circumstances, in the event that a successor securities depository is not obtained, bond certificates are required to be printed and delivered.

The State may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from DTC; the State takes no responsibility for its accuracy.

No assurance can be given by the State that DTC, Direct Participants and Indirect Participants will promptly transfer payments or notices received with respect to the Bonds. The State assumes no liability for the failure of DTC, Direct Participants or Indirect Participants to transfer to the Beneficial Owner payments or notices received with respect to the Bonds.

Similarly, no assurance can be given by the State that DTC will abide by its procedures or that such procedures will not be changed from time to time. In the event that a successor securities depository is designated, it may establish different procedures.

Redemption Provisions

The Bonds are not subject to redemption prior to their stated date of maturity.

Registration and Payment of Bonds

So long as the Bonds are in book-entry-only form, payment of principal due on the Bonds shall be made by wire transfer to the securities depository or its nominee upon the Bonds presentation and surrender at the principal office of the State Treasurer, which shall be the Registrar and Paying Agent on the Bonds. Payment of interest due on the Bonds shall be made by wire transfer to the securities depository or its nominee shown in the registration books at the close of business on the 15th day (whether or not a business day) of the calendar month next preceding that interest payment date (the "Record Date").

When in certificated form, payment of principal due on the Bonds shall be made by check or draft issued upon the presentation and surrender of the Bonds at the principal office of the Paying Agent. Payment of interest due on the Bonds shall be made by check or draft mailed to the registered owner shown in the registration books on the Record Date.

Sources and Uses of Funds

The proceeds from the sale of the Bonds, and other available proceeds, exclusive of accrued interest, are expected to be applied as follows:

Sources	
Principal Amount of the Bonds\$	94,250,000.00
Original Issue Premium	4,725,113.40
TOTAL SOURCES <u>\$</u>	98,975,113.40
Uses	
Deposit to Escrow Fund\$	98,432,045.84
Underwriters' Discount	541,736.10
Applied to Cost of Issuance	1,331.46
TOTAL USES \$	98 975 113 40

Ratings

The Bonds have been rated AA+ by Fitch IBCA, Inc., Aa2 by Moody's Investors Service, Inc. and AA by Standard and Poor's Ratings Group. Any explanation of the significance of a rating may only be obtained from the rating service furnishing such rating. There is no assurance a rating given to the Bonds will be maintained for any period of time; a rating may be lowered or withdrawn entirely by the rating service if in its judgment circumstances so warrant. Any such downgrade or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

GENERAL OBLIGATIONS

Limitations on Issuance of General Obligations

All general obligations issued by the State fall within a debt limitation set forth in the Wisconsin Constitution and Statutes. The limitation is derived as the lesser of two formulas. There is an annual limit of three-quarters of one percent, and a cumulative limit of five percent, of the aggregate value of all taxable property in the State.

Currently, the annual limit is \$1,867,461,864 and the cumulative debt limit is \$12,449,745,760 (of which the amount available is \$8,844,948,049). The lesser amount is \$1,867,461,864. A refunding bond issue is not taken into account for purposes of the annual debt limit, and a refunded bond issue is not taken into account for purposes of the cumulative debt limit. Interest scheduled to accrue on any obligation that is not payable during the current fiscal year is treated as debt and taken into account for purposes of the debt limitations.

Authorization of General Obligations

Within prescribed limitations, the Wisconsin Constitution assigns to the Legislature, acting by vote of a majority of the members elected to each of the two houses, all matters relating to the issuance of general obligations. The quorum in such votes is 60% of the membership. Among these assigned powers is the authority to establish the purposes (uses) and fix the amounts for which general obligations may be issued.

To date, the Legislature has authorized the issuance of general obligations for 67 distinct purposes and has limited the amount of general obligations that may be issued for each purpose. In practice, as a part of the budget, the Legislature adjusts these amounts to accommodate newly budgeted activity. The Legislature has delegated to the Commission responsibility to establish the form and terms of the issuance and sale of these general obligations. See APPENDIX B for the status of each program, including the limitations, the amounts borrowed to date and the amounts remaining to be borrowed.

OTHER INFORMATION

Borrowing Plans for 1998

The State in this calendar year has previously sold five general obligation bond issues in the aggregate amount of \$453 million. Four of the issues were sold via public sale and one issue was sold via negotiated sale. One of the four publicly sold issues, in an amount of \$75 million, occurred on September 15, 1998 and delivery is expected on October 7, 1998. The State has also sold \$5 million of general obligation subsidy bonds to the Clean Water Fund Loan program. In addition, the State has authorized the following:

- General obligation commercial paper notes in an amount not to exceed \$120 million. The amount and timing of the placement of these general obligation commercial paper notes depends on the cash needs of the State.
- General obligation bonds in an amount not to exceed \$90 million to be sold in the fourth quarter via competitive sale for the veterans housing and home improvement loan programs.

The State also expects one or more private sales of general obligation subsidy bonds for the Clean Water Fund Loan program. The amount and timing of those issues will be based on cash needs of the State and market conditions.

The State has sold two clean water revenue bond issues in the aggregate amount of \$194 million. No additional clean water revenue bonds are expected to be issued this calendar year.

The State has authorized the following transportation revenue bonds:

- Transportation revenue refunding bonds in an amount not to exceed \$300 million. The State has sold \$130 million of transportation revenue refunding bonds pursuant to this authorization. The amount and timing of subsequent negotiated sales of transportation revenue refunding bonds depend on market conditions.
- Transportation revenue bonds in an amount not to exceed \$110 million for new money purposes. The competitive sale of these transportation revenue bonds is tentatively scheduled for October 14, 1998.
- Transportation revenue bonds in an amount not to exceed \$188 million for the refunding of outstanding transportation revenue commercial paper notes. This authorization is required pursuant to a credit agreement with the banks providing a letter of credit for security on the transportation revenue commercial paper notes. The State does not intend to refund the currently outstanding transportation revenue commercial paper notes during this calendar year.

The State anticipates a competitive sale of master lease certificates of participation in the amount of approximately \$20 million will occur in the fourth quarter of this calendar year.

Underwriting

The Bonds are being purchased by the Underwriters, for which Bear, Stearns & Co. Inc. is acting as representative. The Underwriters have agreed, subject to certain conditions, to purchase from the State the Bonds described on the front cover page of this Official Statement at an aggregate purchase price, exclusive of accrued interest, of \$98,433,377.30 (reflecting a net original issue premium of \$4,725,113.40 and underwriters' discount of \$541,736.10). The Underwriters have agreed to reoffer the Bonds at the public offering prices or yields set forth on the front cover of this Official Statement. The Bonds may be offered and sold to certain dealers (including dealers depositing the Bonds into investment trusts) at prices lower than such public offering prices, and such prices may be changed, from time to time, by the Underwriters. The Underwriters' obligations are subject to certain conditions precedent, and they will be obligated to purchase all the Bonds if any Bonds are purchased.

Certain legal matters will be passed upon for the Underwriters by their counsel, DeWitt Ross & Stevens S.C., Madison, Wisconsin.

Reference Information About the Bonds

The tables on the cover and below include information about the Bonds. The CUSIP number for each maturity has been obtained from sources believed to be reliable, but the State is not responsible for the correctness of the CUSIP numbers. The reoffering yields and prices have been provided by the Underwriters in order to allow the computation of yield for federal tax law compliance.

Legal Investment

The Bonds are legal investments for all banks, trust companies, savings banks and institutions, savings and loan associations, credit unions, investment companies, insurance companies and associations and other persons or entities carrying on a banking or insurance business in Wisconsin; executors, administrators, guardians, trustees and other fiduciaries in Wisconsin; and the State and all public officers, municipal corporations, political subdivisions and public bodies in Wisconsin.

Financial Advisor

First Albany Corporation has been employed by the State to perform professional services in the capacity of financial advisor. The financial advisor has provided advice on the plan of refunding and the structure of the Bonds, reviewed certain legal and disclosure documents, including this Official Statement, for financial matters and reviewed the pricing of the Bonds by the Underwriters.

Verification of Mathematical Computations

The arithmetical accuracy of the mathematical computations supporting the adequacy of the maturing principal amounts of, and interest earned on, the Government Obligations deposited pursuant to the Escrow Agreement, to pay the principal of, redemption premium, if any, and interest on the Refunded Bonds, and the arithmetical accuracy of the mathematical computations supporting the conclusion that the refunding aspects of the Bonds will not cause such Bonds to be "arbitrage bonds" under Section 148 of the Internal Revenue Code, will be verified by Grant Thornton LLP, independent certified public accountants, as a condition to the delivery of the Bonds.

Legal Opinion

Legal matters incident to the authorization, issuance and sale of the Bonds are subject to the approval of Foley & Lardner, Bond Counsel, whose approving opinion, substantially in the form shown in APPENDIX C, will be delivered on the date of issue of the Bonds. In the event certificated Bonds are issued, the opinion will be printed on the reverse side of each Bond.

As required by law, the Attorney General will examine a certified copy of all proceedings preliminary to issuance of the Bonds to determine the regularity and validity of such proceedings. In the event certificated Bonds are issued, the certificate of the Attorney General will be printed on the reverse side of each Bond.

Tax Exemption

In the opinion of Bond Counsel, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and the interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on all taxpayers; it should be noted, however, that with respect to certain corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on such corporations.

The opinions set forth in the preceding paragraph are subject to the condition that the State comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), and other federal tax legislation that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The State has covenanted to comply with each such requirement to the extent it may lawfully do so. Failure to comply with certain of such requirements may cause interest on the Bonds to be includable in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. Bond Counsel expresses no opinion regarding other federal tax consequences arising with respect to the Bonds. The proceedings authorizing the Bonds do not provide for an increase in interest rates or a redemption of the Bonds in the event of taxability.

Each Bond has an issue price that is greater than the amount payable at maturity of such Bond.

Any Bond purchased in the initial offering at the issue price will have "amortizable bond premium" within the meaning of Section 171 of the Code. An owner of a Bond that has amortizable bond premium is not allowed any deduction for the amortizable bond premium.

During each taxable year, such an owner must reduce his or her tax basis in such Bond by the amount of the amortizable bond premium that is allocable to the portion of such taxable year during which the owner owned such Bond. The adjusted tax basis in a Bond will be used to determine taxable gain or loss upon a disposition (for example, upon a sale, exchange, redemption, or payment at maturity) of such Bond.

Owners of Bonds who did not purchase such Bonds in the initial offering at the issue price should consult their own tax advisors with respect to the tax consequences of owning such Bonds.

The Code contains numerous provisions which could affect the economic value of the Bonds to particular Bond owners. For example, (i) Section 265 of the Code denies a deduction for interest on any indebtedness incurred or continued to purchase or carry the Bonds or, in the case of financial institutions, a portion of an owner's interest expense allocable to interest on the Bonds, (ii) property and casualty insurance companies will be required in each taxable year to reduce the amount of their deductible losses by 15% of the amount of tax-exempt interest received or accrued during such taxable year, including interest on the Bonds, and life insurance companies are subject to similar provisions under which taxable income is increased by reason of receipt or accrual of tax-exempt interest, (iii) interest on the Bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the Code, (iv) passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for S corporations that have Subchapter C earnings and profits at the close of the taxable year if greater than 25% of the gross receipts of the S corporation is passive investment income, and (v) Section 86 of the Code requires certain recipients of social security and railroad retirement benefits to include a portion of such benefits in gross income by reason of receipt or accrual of interest on the Bonds. The foregoing is not intended to be an exhaustive discussion of collateral tax consequences arising from ownership of the Bonds. There may be other provisions of the Code which could adversely affect the value of an investment in the Bonds for particular Bond owners. Investors should consult their own tax advisors with respect to the tax consequences of owning a Bond.

Interest on the Bonds is subject to State of Wisconsin income and franchise taxes. Investors should consult their own tax advisors with respect to the state and local tax consequences of owning a Bond.

REGARDING DISCLOSURE

Continuing Disclosure

In order to assist the Underwriters in complying with Rule 15c2-12 under the Securities Exchange Act of 1934 (the "Rule"), the State has entered into both a Master Agreement on Continuing Disclosure and an Addendum Describing Annual Report for General Obligations and, before the delivery of the Bonds, will enter into a Supplemental Agreement pertaining to the Bonds (collectively, the "Agreements"). The Agreements constitute an undertaking for the benefit of the beneficial owners of the Bonds and require the State to prepare and provide an annual report (providing certain financial information and operating data relating to the State), not later than 180 days following the close of the State's fiscal year, to each nationally recognized municipal securities information repository ("NRMSIR") and to the state information depository ("SID"), if any, and to provide notices of occurrence of certain events specified in the Rule to each NRMSIR or the Municipal Securities Rulemaking Board (the "MSRB") and the SID, if any. As of the date of this Official Statement, no SID has been established. Copies of the Agreements, annual reports, and notices may be obtained from: Capital Finance Office; Department of

Administration; Division of Executive Budget and Finance; 101 East Wilson Street; P.O. Box 7864; Madison, WI 53707-7864.

The Agreements also describe the consequences of any failure to provide the required information. The Agreements require that a failure to provide the required information must be reported to the NRMSIRS or the MSRB, and to any SID, and the Rule requires consideration of any such failure by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price. In the previous five years, there has been no failure to comply in any material respect with a similar undertaking by the State.

Disclosure Certificate

The Underwriters will receive a certificate, signed by the Governor, the Secretary of Administration and the Secretary of the Commission, certifying that this Official Statement, as of its date and as of the date of delivery of the Bonds, does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. In providing such certificate, the signers will state that they have not undertaken to independently verify information obtained or derived from various United States Government publications referenced in this Official Statement.

Additional Information

Periodic public reports relating to the financial condition of the State, its operations and the balances, receipts and disbursements of the various funds of the State are prepared by the Departments of Administration and Revenue, the State Treasurer and State Auditor.

Additional information may be obtained upon request from the Capital Finance Office, Attn.: Mr. Frank R. Hoadley, Capital Finance Director, (608) 266-2305.

Any statements in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact. No representation is made that any of such statements will be realized. Material referred to in this Official Statement, including information available on the world wide web, is not part of this Official Statement unless expressly included by reference. This Official Statement is not to be construed as a contract or agreement between the State and the purchasers or owners of any of the Bonds.

This Official Statement is submitted only in connection with the sale of the Bonds by the State and may not be reproduced or used in whole or in part for any other purpose, except with express permission.

Appendix A

INFORMATION ABOUT THE STATE

This appendix includes information concerning the State of Wisconsin (the "State") and general obligation debt issued by the State. Parts II and III of the State of Wisconsin Continuing Disclosure Annual Report, dated December 26, 1997 (the "Annual Report") are included by reference as part of this APPENDIX A.

Part II to the Annual Report contains general information about the State. This part presents information on the (i) State's operations and financial procedures, (ii) State's accounting and financial reporting, (iii) organization and description of services provided by the State, (iv) results of fiscal year 1996-97, (v) State budget, (vi) obligations of the State, and (vii) State Investment Board. This part also presents statistical information about the State's population, income and employment.

Included as APPENDIX A to Part II are the audited general purpose financial statements for the fiscal year ending June 30, 1997, prepared in conformity with generally accepted accounting principles (GAAP) for governments as prescribed by the Government Accounting Standards Board, and the State Auditor's report.

Part III to the Annual Report contains information concerning general obligations issued by the State. This part presents a discussion of the security provisions for general obligation debt (including the flow of funds to pay debt service on general obligations), data pertaining to the State's outstanding general obligation debt, and the portion of general obligation debt which is revenue-supported general obligation debt.

The Annual Report has been filed with each nationally recognized municipal securities information repository ("NRMSIR"). As of the date of this Official Statement, the Annual Report can be found on the world wide web at:

www.doa.state.wi.us/debf/capfin/97condis.htm

After publication and filing of the Annual Report, certain changes or events have occurred that affect items discussed in the Annual Report. Listed below, by reference to particular sections of the Annual Report, are changes or additions to the discussion contained in those particular sections. Many of the following changes have not been filed with the NRMSIRs. However, the State has filed, and expects to continue to file, certain informational notices with the NRMSIRs. These informational notices do not constitute listed material events under the State's Master Agreement on Continuing Disclosure.

Year 2000 Compliance

Overview

The State of Wisconsin Department of Administration (the "Department of Administration"), which has overall responsibility for the coordination of information technology in State government, is coordinating the State's Year 2000 compliance efforts. In 1996, the Department of Administration identified 100 critical business applications (that is, applications that support core state government operations and services). The Department of Administration has deemed 21 of these as the "highest priority" critical applications. Among the financial-related systems within the group of 21 highest priority critical applications are WiSMART (the State's accounting system), Income Tax Processing, Shared Revenues, Motor Vehicle Registration, Wisconsin Employee Benefit System, Investment Accounting System and Local Government Investment Pool.

The Department of Administration created an interagency executive taskforce to advise on ways to coordinate Year 2000 compliance oversight activities. This approach allows the State to focus on the highest priority Year 2000 compliance needs. The Department of Administration is conducting compliance surveys and assessments of all agencies, including on-site visits to agencies with critical applications. The assessment is the second stage of five stages that agencies will complete under the Department of Administration's Year 2000 compliance efforts. The five stages include (i) inventory, (ii) assessment, (iii) remediation, (iv) testing, and (v) implementation.

The following are general conclusions of assessments completed as of May 21, 1998. The Department of Administration expects the assessments to be completed by November 1998.

- The State has not identified any significant Year 2000 consequences or unbudgeted costs to make the critical business applications Year 2000 compliant.
- Twelve of 43 agencies face "substantial challenges" and 24 of the 181 divisions (that is, the major subunits within state agencies) in State government each have more than 1,000 hours of work to complete in order to make their critical business applications Year 2000 compliant.

The costs to the State to become Year 2000 compliant have been and will continue to be absorbed within existing base operating budgets because most Year 2000 compliance work is being completed by State agencies as part of ongoing maintenance and upgrades previously identified and budgeted for by the State.

In addition to the assessments, the following is a summary of the efforts currently being undertaken by the State:

- The Governor issued Executive Order 341 on July 27, 1998 that directs all state agencies to make Year 2000 compliance activities their top technology priority.
- Agencies are required to provide the Department of Administration periodic Year 2000 compliance status reports for each of the identified critical business applications
- The State has also created a central Year 2000 test environment for use by State agencies to verify the effectiveness of Year 2000 compliance activities. The State maintains a web site that provides specific technical information to assist agency Year 2000 compliance efforts. The internet address for this is: www.state.wi.us/y2k.
- Agencies are preparing contingency plans designed to address possible problems arising from failures of information technology systems or other disruptions of business processes.

Internal Year 2000 Issues

The 21 highest priority critical applications have a direct impact on critical and core State operations. The Department of Administration anticipates that the assessment of these 21 highest priority critical applications will be completed by November 1998. Specifically, WISMART, the State's accounting system, has recently been updated for Year 2000 compliance and is undergoing testing for Year 2000 compliance. The Department of Revenue, the agency responsible for the collection of State taxes, is completing the assessment of its critical applications.

External Year 2000 Issues

The State has contacted each of its paying agents, registrars, escrow agents, trustees and depositories and has been informed by each of these firms that they intend to meet the federal

regulation that all securities processing institutions be Year 2000 compliant by December 31, 1998. The State will continue to monitor these compliance activities and take appropriate steps to ensure timely compliance, as needed. The Department of Health and Family Services is the State agency that interfaces with the Federal Government for Medicare and Medicaid reimbursement payments. This department is addressing Year 2000 efforts with the Federal Government and is also working on contingency plans in the event of a problem.

Mechanical Year 2000 Issues

With respect to debt service payments, the State maintains hard paper copy records of all its debt service schedules. In the event computer payment systems fail, the State is prepared to provide manual payment checks to paying agents and The Depository Trust Company ("DTC"). Debt service payments due on State obligations for the first six months of calendar year 2000 are:

<u>Date</u>	Obligation	Parties Involved
January 3, 2000	General Obligation Bonds	State Treasurer's Office/DTC
January 3, 2000	Transportation Revenue Bonds	Bank One Trust Company, N.A. (Trustee)/DTC
February 14, 2000	Master Lease Certificates of Participation	State Treasurer's Office/Firstar Trust Company (Trustee)
March 1, 2000	Master Lease Certificates of Participation	Firstar Trust Company (Trustee)/DTC
May 1, 2000	General Obligation Bonds	State Treasurer's Office/ DTC
June 1, 2000	Clean Water Revenue Bonds	Firstar Trust Company (Trustee)/DTC

As a contingency, the State is further considering sending the payments due on January 3, 2000 to DTC on or before December 31, 1999.

The State cannot provide any assurances that all Year 2000 problems will be corrected by January 1, 2000 nor that all information technology systems will continue to work efficiently on January 1, 2000. There remains a possibility that some Year 2000 problems will not be identified or corrected by January 1, 2000. However, the actions that the State is currently completing should minimize such potential problems, especially for critical business applications. As part of the State's Year 2000 process, agencies are preparing contingency plans designed to address possible problems arising from failures of information technology systems or other disruptions of business processes.

State Budget; Budgets for 1997-99 (Pages Part II-16 through Part II-18). Add the following: Budgets for 1997-99

The Annual Fiscal Report for the fiscal year ending June 30, 1998 will be published on or before October 15, 1998. This Annual Fiscal Report will include statutory and unaudited balances for the fiscal year ending June 30, 1998. On June 2, 1998, the Governor signed into law a budget adjustment bill for the 1997-99 biennial budget. The following summary is based on this budget adjustment bill.

The budget on an all-funds basis projects a balance of \$352 million for the fiscal year ending June 30, 1998 and \$117 million for the fiscal year ending June 30, 1999.

State Budget-All Funds (Amounts in Millions)

	Fiscal Year Ending June 30, 1998	Fiscal Year Ending June 30, 1999
Beginning Balance	\$ 331	\$ 352
Tax Revenues	9,351	9,663
Nontax Revenues	14,162	14,344
Total Available Revenues	\$23,844	\$24,359
Net Disbursements	\$23,455	\$24,009
Reserves	<u>135</u>	<u>331</u>
Total Disbursements/Reserves	\$23,590	\$24,340
Estimated Balance	\$ 254	\$ 18
Statutorily Required Balance	<u>98</u>	99
Total Balance	\$ 352	\$ 117

A detailed summary of the all funds budget is on page A-5

The balances for the budget on a general-fund basis are the same as the all-funds basis: \$352 million for the fiscal year ending June 30, 1998 and \$117 million for the fiscal year ending June 30, 1999.

State Budget-General Fund (Amounts in Millions)

	Fiscal Year Ending June 30, 1998	Fiscal Year Ending June 30, 1999
Beginning Balance	\$ 331	\$ 352
Tax Revenues	9,351	9,663
Nontax Revenues	6,573	6,434
Total Available Revenues	\$16,255	\$16,449
Net Disbursements	\$15,866	\$16,099
Reserves	<u>135</u>	332
Total Disbursements/Reserves	\$16,001	\$16,431
Estimated Balance	\$ 254	\$ 18
Statutorily Required Balance	98	99
Total Balance	\$ 352	\$ 117

A detailed summary of the general-fund budget is on page A-6.

The budget adjustment bill also provides that up to \$125 million of any increased budget surplus above the budget adjustment bill estimates for the period ending June 30, 1998 be used to increase the school property tax credit for tax year 1998. The Legislative Fiscal Bureau has prepared an estimate of the net general-fund balance for the period ending June 30, 1998, which estimates \$180 million in revenues above the budget adjustment bill estimates. This estimate will result in the additional \$125 million school property tax credit for tax year 1998. However, for budgetary purposes, no increased budget surplus is recognized at this time as the report completed by the Legislative Fiscal Bureau is conditioned on many items not available until the Annual Fiscal Report is issued.

Undesignated Balance	\$	327,145,000	\$	352,243,400		\$	117,621,900	

⁽a) The amounts shown are based on statutorily required accounting and not on GAAP.

⁽b) The amounts shown are unaudited and rounded to the nearest thousand.

⁽c) There is a difference in the budgeting and accounting treatment of a \$4,000,100 loan from the Local Government Property Insurance Fund which was outstanding as of June 30, 1997. For budgeting purposes, the loan increases the balance of the General Fund which is then reduced when the repayment is made. For accounting purposes, the loan has no effect on the General Fund balance.

⁽d) The budgets do not include taxes collected for segregated funds. The largest such tax is the motor vehicle fuel tax, which collected \$693 million in the 1996-97 fiscal year. For the 1998-99 fiscal year, the amount shown includes \$40 million of revenue expected to be raised through a program that offers a tax amnesty program. As of the date of this Official Statement, this program has been completed and the results are currently being evaluated by the State.

⁽e) State law separates the accounting of employe benefits from the budget. They are included for purposes of comparability to the figures presented in this table and Tables II-1 and II-2 of the Annual Report. Benefits are provided for on a fully funded basis. Therefore, when contributions actually received exceed the benefits actually paid out, the difference is added to the trust funds. In the event that the actual benefit payments exceed the contributions, investment earnings will be used to cover the difference before they are deposited in the Employe Benefit Fund.

⁽a) The amounts shown are based on statutorily required accounting and not on GAAP.

 $^{^{\}left(b\right) }$ The amounts shown are unaudited and rounded to the nearest thousand.

⁽c) There is a difference in the budgeting and accounting treatment of a \$4,000,100 loan from the Local Government Property Insurance Fund which was outstanding as of June 30, 1997. For budgeting purposes, the loan increases the balance of the General Fund which is then reduced when the repayment is made. For accounting purposes, the loan has no effect on the General Fund balance.

⁽d) Includes \$40 million of revenue expected to be raised through a program that offers a tax amnesty. As of the date of this Official Statement, this program has been completed and the results are being evaluated by the State.

Table II-7; General Fund Monthly Cash Position (Page Part II-29). Replace the table with the following:

⁽a) The monthly receipt and disbursement projections for June 1, 1998 through June 30, 1999 are based on estimates provided by the Division of Executive Budget and Finance.

⁽b) The receipt amounts shown in July 1996–1998 include the proceeds received, or expected to be received, at closing for respective issues of operating notes. See "OTHER OBLIGATIONS; Operating Notes" in the Annual Report. The disbursement amounts shown for February, March, April and May 1997–1999 include impoundment payments required in connection with the operating notes.

Table II-8; Balances Available for Interfund Borrowing (Page Part II-30). Replace the table with the following:

BALANCES IN FUNDS AVAILABLE FOR INTERFUND BORROWING(a) July 1, 1996 to June 1, 1998 — Actual July 1, 1998 to June 1, 1999 — Estimated^(b) (Amounts in Millions)

	<u>1996</u>	<u>1997</u>	<u>1998</u>	<u>1999</u>
January		\$3,210.23	\$3,362.80	\$2,147.05

Consists of the following funds:

Transportation Normal School Conservation (Partial) Wisconsin Health Education Loan Repayment University

Waste Management

Wisconsin Election Campaign Investment & Local Impact Elderly Property Tax Deferral

Lottery

Children's Trust Racing Work Injury Supplemental Benefit

Unemployment Compensation Interest Repayment Environmental Improvement Fund

Uninsured Employers

Health Insurance Risk Sharing Plan

Local Government Property Insurance

Patients Compensation Mediation

Agricultural College

Common School

Local Government Investment Pool

Farms for the Future Agrichemical Management Historical Society Trust School Income Fund

Benevolent Groundwater

Petroleum Storage Environmental Cleanup

Environmental Recycling

University Trust Principal

Veterans Mortgage Loan Repayment

State Building Trust

Estimated balances for July 1, 1998 and succeeding months include \$480 million (a portion of the estimated balance) for the local government pool of the available funds. The local government pool has varied from a low of \$63 million on July 1, 1983 to a high of \$4.426 billion on March 1, 1994. The pool is composed of funds deposited by local units of government which may be withdrawn without notice. Under Section 20.002(11) of the Statutes, interfund borrowing is limited to 5% of the total general-purpose revenue appropriations then in effect, which for the 1998-99 budget is nearly \$500 million.

Table II-9; Revenues Deposited to the General Fund (Page Part II-31). Replace the table with the following:

REVENUES DEPOSITED TO THE GENERAL FUND^(a) July 1, 1997 to May 31, 1998 compared with previous year (Unaudited)

	Actual Receipts	•		Actual Receipts July 1, 1997 to

Inheritance Taxes	50,825,151	45,000,000	46,720,845	71,227,393	
Miscellaneous Taxes	150,545,817	140,200,000	129.021.849	130.065.417	
SUBTOTAL	8,814,440,576	9,222,973,300	7,392,696,694	7,947,354,867	
Federal Receipts Dedicated and	3,478,405,811	3,863,347,100	3,139,643,611	3,138,212,400	
Other Revenues (c)	2,376,474.850	2,680,026,100	2,288,197,738 ^(d)	2,532,627,862 ^(d)	
TOTAL	\$14,669,321,237	\$15,766,346,500	\$12,820,538,043	\$13,618,195,129	

The amounts shown are based on the statutory accounting basis and not on GAAP. See "STATE GOVERNMENT ORGANIZATION AND FINANCIAL PROCEDURES; Accounting and Financial Reporting" in the Annual Report.

⁽b) The amounts shown are the sum of all revenues for fiscal year 1996-97 based on the data used in the preparation of the Annual Fiscal Report, Budgetary Basis, for the year ending June 30, 1997.

The statutory basis of accounting requires that certain transfers between General Fund appropriations be recorded as both revenues and expenditures of the General Fund. The amount of these transfers may vary greatly between fiscal years, and therefore, this category may not be comparable on a historical basis.

⁽d) The amounts shown do not reflect receipt, from the sale of operating notes, of \$150 million principal amount in fiscal year 1996–97 and \$450 million principal amount in fiscal year 1997–98.

Table II-10; General Fund Expenditures By Function (Page Part II-32). Replace the table with the following:

⁽a) Revenue-Supported Debt represents general obligation debt of the State and indebtedness of its nonstock, nonprofit corporations issued to fund particular programs and facilities with the initial expectation that revenues and other proceeds derived from the operation of the programs and facilities will amortize the allocable debt without recourse to the General Fund.

⁽b) Includes the Transportation Fund and certain administrative facilities for the Department of Natural Resources.

⁽c) Includes university dormitories, food service, intercollegiate athletic facilities, certain facilities on the State Fair grounds and capital equipment acquisition.

⁽d) See "STATE OBLIGATIONS; Nonstock, Nonprofit Corporations" in the Annual Report for a description of the nonstock, nonprofit corporations.

Table III-9; Debt Service Maturity Schedule: Amount Due Annually on General Obligation Bonds Issued to July 15, 1998 (Page Part III-18). Replace the table with the following:

2017	7,505,000
2018	1,945,000
TOTALS	\$113,440,000

⁽a) The State intends to treat each issue of general obligation commercial paper as if it were a long-term bond issue by making annual payments on May 1. Each annual payment reflects a principal amortization. The Program Resolution does not permit the State to have any commercial paper outstanding for more than 10 years after its issuance date. The State also intends to make a payment on each May 1 and November 1 on all outstanding general obligation commercial paper in an amount equal to the interest accrued and accruing for that period.

⁽a) These figures do not include the State's \$157,580,000 General Obligation Refunding Bonds of 1998, Series 1 that were delivered on September 17, 1998 or the State's \$74,840,000 General Obligation Bonds of 1998, Series D that are expected to be delivered on October 7, 1998.

⁽b) Interest earnings reduce issuance authority by the same amount.

⁽c) Interest scheduled to accrue on any obligation that is not payable during the current fiscal year is treated as debt and taken into account for purposes of the statutory authority to issue debt.

Appendix C

EXPECTED FORM OF LEGAL OPINION

Upon delivery of the Bonds, it is expected that Foley & Lardner will deliver a legal opinion in substantially the following form:

(Letterhead of Foley & Lardner) \$94,250,000 STATE OF WISCONSIN GENERAL OBLIGATION REFUNDING BONDS OF 1998, SERIES 2

We have acted as bond counsel in connection with the issuance by the State of Wisconsin (the "State") of its General Obligation Refunding Bonds of 1998, Series 2 to the amount of \$94,250,000, dated September 15, 1998 (the "Bonds"). We investigated the law and examined such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we relied upon the certified proceedings and other certificates of public officials furnished to us without undertaking to verify the same by independent investigation.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds (except to the extent, if any, stated in the Official Statement), and we express no opinion relating thereto (excepting only the matters set forth as our opinion in the Official Statement). However, in connection with the rendering of our opinion as to the validity of the Bonds, nothing has come to our attention that would lead us to believe that the Official Statement (except for the financial statements and other financial or statistical data included therein, as to which we express no view), as of the date of delivery of the Bonds, contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading.

The Bonds are being issued pursuant to Chapter 18, Wisconsin Statutes (the "Act") and a resolution adopted by the State of Wisconsin Building Commission (the "Commission") on January 22, 1998, as amended on March 19, 1998 and August 6, 1998 (the "Resolution").

Based upon the foregoing, we are of the opinion that, under existing law:

- 1. The Bonds, to the amount named, are valid and binding general obligations of the State.
- 2. The Resolution has been duly adopted by the Commission and constitutes a valid and binding obligation of the State enforceable upon the State as provided in the Resolution.
- 3. The full faith, credit and taxing power of the State are irrevocably pledged to the payment of the principal of, premium, if any, and interest on the Bonds as the same mature and become due. There has been irrevocably appropriated, as a first charge upon all revenues of the State, a sum sufficient for such purpose.
- 4. The interest on the Bonds is excluded from gross income for federal income tax purposes and the interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on all taxpayers; it should be noted, however, that with respect to certain corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on such corporations. The opinions set forth in the preceding sentence are subject to the condition that the State comply with all

requirements of the Internal Revenue Code of 1986, as amended, and other federal tax legislation that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The State has covenanted to comply with each such requirement to the extent it may lawfully do so. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may be subject to the exercise of judicial discretion in appropriate cases.

Very truly yours,

FOLEY & LARDNER
